

Wayland Schools UNITED 2016 - 2017 System-wide Goals

Using Data Wisely

To strengthen the achievement of each learner through ongoing access to and use of data so that resources (*funding, staffing, and time*) are allocated efficiently, accurately and effectively.

Nurturing Early Childhood Development

To nurture early childhood development by fostering community structures and support services to meet the growing social, emotional, and educational needs of the children and families in Wayland.

Infusing Technology and Design

To infuse technology and design throughout the curriculum with an emphasis on students building the skills they need to solve real world problems as they create, model and learn.

Training Global Citizens

To train students to be productive global citizens of their country, nation and world able to demonstrate requisite skills, which include civility and cultural proficiency.

Elevating Achievement

To utilize existing systems of structured support and engagement in combination with new initiatives to elevate the academic achievement of all students.

Deepening Wellness Skills and Insights

To deepen and strengthen students' wellness education by employing a systemic approach to curriculum, instruction, extra-curricular activities, school culture and safety.
